Mr. Jaime Prechtel
Senior Talent Acquisition Partner
RWE Clean Energy, LLC

May 16, 2024

Dear Mr. Prechtel,

I am writing to express my keen interest in the Senior GIS Associate role at RWE Clean Energy, LLC. As a passionate GIS and mapping professional with over 9 years of experience, I am particularly drawn to RWE's mission working across the clean energy spectrum. My expertise in managing customer relationships, communicating GIS data effectively, and building overall geospatial strategies aligns perfectly with the requirements you have outlined.

Throughout my career, I have consistently delivered impactful results in the geospatial field. For example, at Congruex, I designed and implemented a containerized cloud API infrastructure using Python on Azure. This solution, consisting of 19 geospatial analysis, reporting, and data management endpoints, increased data accessibility for project managers by 25%, allowing them to extract actionable insights and improve decision-making. My experience also includes collaborating with cross-functional teams to develop spatial models and algorithms, ensuring high-quality solutions under tight deadlines.

My technical skillset includes:

- Knowledge of spatial modeling techniques
- Advanced Python proficiency
- Professional experience with FME
- Certifications with cloud platforms AWS and Azure
- Proficiency with ESRI ArcGIS products notably ArcGIS Pro
- Extensive experience with relational databases, including Oracle Spatial and PostGreSQL, including writing triggers and functions

I am confident that my skills and experience would be a valuable asset to your team, and am eager to learn more about how I can contribute to RWE's continued success. Thank you for your time and consideration. Please feel free to contact me at the number below to schedule an interview at your earliest convenience.

Sincerely,

Andrew Ross
